**GENESIS** RENEWABLE  
SOLUTIONS INC.

Welcome to Genesis Renewable Solutions, where we are committed to providing seamless and hassle-free installation projects. As the founder of this company, my goal was to create a one-stop solution for installation contractors who require specialized products and services for the renewable power generation sector. Our focus is on delivering high-quality, specialized products and services specifically tailored for the installation of wind turbine generators (WTG).

With a wide range of products and services, we can meet the unique needs and challenges of any installation projects. Our team is dedicated to ensuring that your installation projects are executed smoothly and efficiently, saving you valuable time and resources. Trust Genesis Renewable Solutions for all your wind turbine generator installation needs.

## GENESIS RENEWABLE SOLUTIONS

Genesis Renewable Solutions is not just a company, but a family united by a passion for shaping a sustainable future. Our journey began with a visionary founder who believed in providing more than just installation solutions; we're here to redefine possibilities. With a heartfelt commitment to installation contractors and a specialized focus on wind turbine generator (WTG) installations, we've grown into a beacon of excellence. Our skilled team brings expertise and dedication to every project, ensuring that each one is a success story, optimizing resources and time.

Our workplace isn't just an office; it's a collaborative environment where innovation thrives, ideas blossom, and every individual's contribution is valued. As advocates of greener living, we're dedicated to preserving our planet, fostering a lush ecosystem, and raising awareness about renewable energy's potential. Together, let's create a world where sustainable practices and a sense of unity shape our path forward.

Spearheading energy conservation through cutting-edge solutions that lead the way.

Promoting recycling for a circular and cleaner approach.

Creating a greener environment for a sustainable tomorrow.

Fostering the growth of plant life to preserve biodiversity and ecological equilibrium.

Amplifying awareness about the pivotal role of renewable energy in shaping tomorrow.

## Generator 55 KVA

Cummins Australia Warranty  
55 kVA 415 Volt  
Water Cooled  
Silenced 65dB at 7 metres  
MineSpec Bundled

1 × 15amp 240volt outlets  
1 × 20amp 415volt outlets  
2 × 32amp 415volt outlets  
Australian Compliant  
Full RCD & M.E.N. Wiring

- Initial Mobilization / Demobilization costs waved on first equipment hire order.
- 2023 generators.
- Tested & ready for service.
- Telemetry remote operation & fault monitoring.
- Trailer mounted for ease of placement around site without the need of heavy machinery.
- Breakdown Cummins generator repair technician warranty.

## Generator 110 KVA

Cummins Australia Warranty  
Stamford Alternator  
110 kVA 415 Volt  
Water Cooled  
Silenced 65dB at 7 metres  
MineSpec Bundled

1 × 15amp 240volt outlets  
1 × 20amp 415volt outlets  
2 × 32amp 415volt outlets  
Australian Compliant  
Full RCD & M.E.N. Wiring

- Initial Mobilization / Demobilization costs waved on first equipment hire order.
- 2023 generators.
- Tested & ready for service.
- Telemetry remote operation & fault monitoring.
- Trailer mounted for ease of placement around site without the need of heavy machinery.
- Breakdown Cummins generator repair technician warranty.
- 500-1000Hr servicing handled inhouse.

## CellAED

CellAED® is your handheld, smart personal AED, for use together with CPR, in the treatment of sudden cardiac arrest.

- Easy-to-use under pressure in three steps: Snap Peel Stick®
- Built-in audio voice prompts to guide you through the CPR and defibrillation steps
- Fully integrated battery and gel pads
- Designed for your home, workplace and community

## FuelPod

Lightweight diesel poly tank is the solution for simple and safe diesel transfer for all types of diesel trade, industrial or agricultural industries.

Fitted with a heavy duty 12-volt diesel pump, lockable filling cap and over, high quality delivery nozzle. The perfect solution for the back of UTE or Truck.

## Lighting Tower

Our lighting tower is specifically designed to provide exceptional illumination in all working environments, day or night. With its powerful LED bulbs, it delivers bright and consistent light that covers a wide area, ensuring optimal visibility even in the darkest corners.

Ease of use is a key feature of the lighting tower with a hydraulic 9-metre tower lift and full electric mast rotation and light tilt. The advantage of great fuel economy means the 110-litre fuel tank at a low fuel consumption of 0.61 litres per hour gives a massive 180-runtime on one tank of diesel

## First Aid Bag

- Top of the range K1666 First Responder First Aid Kit is for those serious about safety. It is designed to provide comprehensive cover in High Risk and Remote Area situations.
- Our users include SES, Police, Ambulance, Paramedics, Fire Services, Emergency Responders, Australian Defence Force, Mines, Remote Area workers, anyone needing comprehensive safety cover.
- High Quality Bag - Room for additional items to be added.

## Harness

The SPANSET 1800 ERGO iPlus comes from the range of Spanset's premium fall arrest harnesses. The harness comes standard with quick-connect buckles making it quick and easy to don. The 1800 ERGO iPlus fullbody harness has been designed to provide comfort and support while the user is suspended in the harness.

The harness is manufactured iWeb a unique dual layer webbing that assists in the easy identification of abrasion, cuts or other damage that may cause the webbing to fail.

The webbing is also treated with Xtreme-Guard which repels oils and water, making cleaning a much easier task and enhancing abrasion resistance. It is designed for use by industrial rope access, rescue and emergency professionals.

## Lifting Bag

The GRIPPS Bull Bag is arguably the toughest lifting bag in the world, the reinforced Bull Bag features a clever locking velcro mesh sleeve that protects against accidental spills and drops whilst allowing light into the bag.

Fully load rated reinforced lifting straps allows the GRIPPS Bull Bag to be easily transported to the work area, and built-in tether anchor points mean the tools are ready to be used as soon as the bag is opened.

## Rescue Kit

The SPANSET Gotcha Rescue Kit is designed for rescuing a suspended worker from fall arrest lanyards, rope safety lines and fall arrest blocks. The Gotcha Rescue Kit comes pre-rigged to be used to raise or lower the casualty depending on the scenario. Ideal for roof work or general construction.

- Compact, lightweight and easy to use
- Supplied with all components in a PVC nylon bag.
- Rescue rope conforms to AS4142.3

## Toilet

This portable toilet list features two completely separate and self-contained toilets, allowing for maximum privacy and comfort for users. Each toilet is equipped with a flushable bowl, a foot-operated handwashing sink, and a built-in toilet paper dispenser. The toilets are also fitted with air vents for proper ventilation, ensuring a fresh and odor-free environment at all times.

The trailer mounter dual portable toilet list includes a durable steel trailer with a hitch, making it easy to tow and maneuver to different locations as needed. The trailer also features a sturdy jack system for stability and leveling on uneven surfaces. Additionally, the list is designed with safety in mind, featuring reflective strips and lighting for increased visibility during nighttime use.

## Pressure Washer

This package includes a pressure washer, Silvan 1000lt tank, fire fighting pump set, pressure cleaner and hose reel installed onto a galvanised heavy duty trailer.

- Australian built Galvanised 2.4M x 1.5M H/Duty Chassis Trailer
- NEW 16" 5 STUD RIMS AND NEW 235/85 x 16" LT TYRES
- Silvan 1000LT fuel tank
- Price is based on Blue Diamond 4000 PSI Pressure Washer
- ABHR40100D, 30 meter hose reel complete with whip hose
- Solar Panels Fitted

## Workshop Trailer

A trailer-mounted mobile engineering workshop is a portable facility that provides the necessary tools and equipment for various engineering tasks and repairs. It is designed to be easily transported to different locations, allowing engineers and technicians to work on projects on-site or in remote areas.

- 2 x Large Lockable Toolboxes
- Work Bench
- Hot / Cold Air Con
- Internal & External Power Points
- Oil Parts Washer
- 50T Hydraulic Press
- Compressor & Air Hose
- Battery Powered Tools on Request
- Welder On Request
- Hand Tools On Request

**GENESIS RENEWABLE SOLUTIONS** GROUP

## Why Choose Us

Working together with our sister company Jonathan Johnstone Ltd, 1% of our profit is donated to planting of trees to reduce the carbon foot print.

Planting trees helps to offset carbon emissions by absorbing CO2 and reducing the effects of climate change. It also contributes to biodiversity conservation and provides various ecosystem services. By collaborating with GRS you are directly linked to reducing your carbon foot-print via our relationship between our sister company Jonathan Johnstone Ltd in this endeavor, you are working towards a common goal of making a positive impact on the environment.

## Genesis Renewable Energy's Impact

Average 5,000,000 trees planted per year.

Covering 2000 Hectares of land mass
